voate published at Lexington, Ky., has been handed us:
"Flowery and long is the wedding notice which the editor printeth. The minister getteth ten bones. The groom standeth the editor off for a 12 months subscription. All flesh is grass, and in time the wife is gathered into the silo. The minister getteth his lift. The editor printeth a death notice, two columns of obituary, three lodge notices, a eulit of poetry and a card of thanks. And he forgetteth to read proof on the head and the darned thing cometh out: "Gone to Her Last Roasting Place." And all that are akin to the deceased, jumpeth on the editor with exceeding great vigor. And they pull eth out their ads and cancell eth their subscriptions and they swing the hammer unto the third and fourth generation."

The minister who handed in the above, said, the Kentucky preacher might get "ten bones," but in Oklahoma the price is "two bones" instead.

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the draining system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poison-out stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderful invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness, others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter-pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

MARY NIBLACK DISTRICT
Teacher Has Volunteered His Services for Night School.

E. A. Gilder of Mary Niblack school district was here today. His school will resume work next Monday. Mr. Gilder has enrolled more than a hundred pupils, but many of the children have not entered school yet. He states that there is not a litter in his district. When the people met recently to organize a literary society, Mr. Gilder offered his services to the district for the conduct of a night school, but so far there have been no application made by pupils who want to take such a course. The district is moving along smoothly, and good work is being done. The worst hindrance comes from the fact that so many persons move from the district at the end of the year. Their places are taken by new people, but the chances from one district to another naturally hinder the work of the school.

PETTIBONE RESPONDS TO ARDMORE GREETINGS

Mr. Sidney Suggs, Care The Ardmoreite, Ardmore, Okla.
Mr. E. L. Gregory, Care The Statesman, Ardmore, Okla.
Gentlemen:
This will acknowledge receipt of your telegram of December 21. It is indeed gratifying to the officers of the Santa Fe road to know that their efforts in behalf of the citizens of Ardmore are appreciated, and I trust that the friendly relations between the railroad and your people will be permanent in character.
Yours respectfully,
F. G. PETTIBONE,
Vice President and General Manager.

Boy Accidentally Kills Brother.
Guthrie, Okla., Dec. 28.—Near Carnegie, Okla., while the two sons of Cleopha Niccum, a farmer, were out hunting, the older boy was shot and instantly killed by the accidental discharge of a shotgun on which the younger boy was trying to lower the hammer.
